2. Modify Section B.13.N: Additional Terms
 - Replace Item 3: Common Pricing, previously revised in Modification 0068
 - Modify Item 5: Common Pricing
 - Add Item 11
 - Add Item 12: Service Member Requirements
 - Add Item 13: Servicing Requirements Submission
3. Update C.2 Attachments/Supplemental Documents
4. Replace Attachment A-4, Servicer Allocation Metrics
5. Replace Attachment A-5, Allocation Calculation Example
6. Replace Attachment A-6, Servicing Pricing Definitions
7. Add Attachment A-7, Borrower Status Reporting
8. Add Attachment A-8, Quarterly Delinquency Reduction Compensation Report

All other terms and conditions remain unchanged.

B.13 ADDITIONAL TERMS AND CONDITIONS

H. Delinquency Reduction Compensation Program

A Delinquency Reduction Compensation Program is established as follows:

$$\text{Delinquency Percentage} = \frac{(\text{Borrowers} > 30 \text{ Days Delinquent})}{(\text{Borrowers In Current Status} + \text{Borrowers} < 361 \text{ Days Delinquent})}$$

Each of the Servicers may earn up to \$500,000 per quarter, depending upon performance, as follows:

Level 1 Award is valued at \$200,000 if the Servicer achieves a Delinquency Percentage for Quarter End of less than 23.0%.

Level 2 Award is valued at \$300,000 if the Servicer achieves a Delinquency Percentage for Quarter End of less than 23.0% (earns \$200,000) **AND** Servicer improves upon prior Quarter End Delinquency Percentage (earns \$100,000).

Level 3 Award is valued at \$500,000 if the Servicer achieves a Delinquency Percentage for Quarter End of less than 21.0% **AND** Servicer improves upon prior Quarter End Delinquency Percentage.

Delinquency Reduction Compensation will be available based on the results of the quarter ending 12/31/2014. Servicers shall submit the Quarterly Delinquency Reduction Compensation Report (Attachment A-8) at the end of each quarter. Quarters are defined as Q1 = Oct 1 to Dec 31; Q2 = Jan 1 to Mar 31; Q3 = Apr 1 to Jun 30, and Q4 = Jul 1 to Sep 30 of each year.

This contract includes performance compensation terms that address delinquency reduction. The compensation will become due to the vendor upon successful achievement of delinquency reduction objectives. The Government intends to promote the reduction of loan delinquency across the entire period of vendor performance. Any vendor that appears to be performing in a manner inconsistent with this intent (e.g. attempting to earn compensation every other quarter, etc.) may, at the sole discretion of the Government, forfeit the delinquency reduction compensation they would have otherwise earned; and may, at the sole discretion of the Government, be required to return previously earned compensation that was achieved through this delinquency reduction program.

The Government may, at its sole discretion, reset the structure of the compensation on an annual basis, effective on September 1 of the performance year; maintain the current structure; or, remove the delinquency reduction compensation entirely by unilateral modification of the contract.

N. Additional Terms:

3. The Government will set and manage the common pricing, including tier structure, below:

1. Delinquency Reduction Compensation Program shall not exceed \$2,000,000 annually per servicer. The maximum amount available each quarter shall not exceed \$500,000 per servicer.
2. An institution is defined as a school or branch having a unique school code/ID as established by the U.S. Department of Education.
3. A borrower is defined as an individual with a unique SSN.
4. Development costs for Loan Consolidation will be reimbursed for the actual costs incurred, but not-to-exceed \$1,200,000, for the first year only.
5. The CDR Assistance Pilot ends on May 16, 2014
6. PSLF Servicer may only bill the Government once per unit (Approved or Denied), per SSN. See the following examples:
 - a. A borrower submits an approved Employment Certification Form (ECF). The PSLF Servicer may bill the Government once for the approved ECF, regardless of any re-certifications required during borrower tracking within the program and payoff at completion.
 - b. A borrower submits a denied ECF, then submits an approved ECF. The PSLF Servicer may bill once for the denied ECF, then again for the approved ECF.

- c. *A borrower submits three consecutively denied ECFs, then on the fourth attempt, the ECF is approved. The PSLF Servicer may only bill for the first denied ECF, then once for the approved ECF.*
5. Common pricing includes all supplies, services and other costs to deliver Title IV Servicing under this contract, including:
- Costs for bringing contractor systems into compliance for handling federally held debt.
 - Costs for legislative, regulatory or policy changes that affect the FFEL community as a whole, as is commercially accepted practice in the FFEL community.
 - Costs to successfully shutdown the federal servicing system and operations, including:
 - a. Continued borrower support for a minimum of 90 days from the last transfer off. Including, but not limited to, responses to inquiries, credit bureau resolutions, payment and correspondence forwarding, tax reporting, etc.
 - b. Creation and execution of a decommissioning plan for systems and operational activities.
 - c. Continued system support (including interfaces and reject resolution) until system successfully decommissioned – minimum of 90 days from last transfer off.
 - d. Continued reporting and reconciliations until system successfully decommissioned – including full resolution of all variances, suspense balances and fund balance with Treasury.
 - For all other costs, the Department and the contractor(s) may come to an agreement via the change management process or negotiation, as necessary.
11. The contractor shall provide a complete copy of any complaint served on the contractor in a lawsuit by an individual for conduct alleged to have occurred in the course of servicing activity under the contract. Within 10 days of the date of service of the complaint on the contractor, the contractor shall deliver the copy by email attachment sent to OGC.Servicer@ed.gov, or by hard copy addressed, postage prepaid, to Education Department, Office of General Counsel, DPE: Servicer, 400 Maryland Ave. SW, Washington DC 20202. The contractor need not provide such a complaint if the contractor determines that the conduct alleged did not occur in the course of the contractor's servicing activities under the contract or the plaintiff does not assert a claim with respect to an obligation owed or believed to be owed by the plaintiff to repay a student loan. The contractor shall provide the complaint at no additional cost to the government.
12. Service Member Requirements
- 12.1 Service Member is defined in accordance with the Servicemember Civil Relief Act.
- 12.2 The servicer shall provide a unique email address and phone number (or an IVR option within existing phone number) that allows the borrowers in the service member category to go directly to a group of agents who have been specially trained to respond to inquiries on all aspects of the military entitlements, forms, regulations, and military payments, as they relate to federal financial aid. The email and phone options shall be

made available to these borrowers on servicer websites and hard copy/electronic correspondences.

12.2.1 Validation - Servicer shall provide a document to FSA explaining how the service member borrowers can uniquely contact the servicer and where/when that information is made available to the borrower. Servicer shall provide a high level overview of the specialized training the CSRs/agents will go through to be trained to respond to these inquiries and when that training takes place. The training materials should also be made available to FSA on demand. (Send validation items to EDServicerP@ed.gov and COR within 60 days of the Effective Date of this executed modification (0072).)

12.3 The servicer shall review all borrowers in their portfolio against the Department of Defense database MONTHLY and apply the borrower entitlements based on that matching.

12.3.1 Validation - Servicer shall provide a document outlining the timing of when the monthly matching will occur as well as how/when the benefits will be applied to borrower accounts as a result of the matching. (Send validation items to EDServicerP@ed.gov and COR within 60 days of the Effective Date of this executed modification (0072).)

12.4 The servicer shall provide a listing (SSN, Name, days delinquent) by the 10th calendar day of each month to FSA that identifies EVERY borrower in the service member category that has reached 300 or more days delinquent. The listing shall also outline all activity (calls/emails/correspondence) the servicer has taken to try to resolve the delinquency and how the servicer has contacted the borrower (or if they have been unable to, how they have tried to contact the borrower). FSA will review the listing and may request administrative forbearances on some/all of these borrowers to reduce the delinquency level (which would prevent the borrower from going to Debt Collection). FSA will respond in writing/email to each listing provided by the 25th calendar day of each month to identify any borrower that the servicer should apply a forbearance on. If no response is received from FSA, then no action is needed. All files should be submitted within encrypted zip files with password provided in separate emails. All files should be submitted within encrypted zip files with password provided in separate emails.

12.4.1 Validation - No pre-implementation validation is needed, FSA will review the listing once implemented to ensure the required data is provided.

12.5 The servicer shall provide a monthly report to FSA identifying all borrowers within the Service Member Category by the 10th calendar day of each month. The report shall be provided via email, in Excel format, and follow the below data elements/format. The report shall be provided to EDServicerP@ed.gov and other email addresses as periodically added by FSA. All files should be submitted within encrypted zip files with password provided in separate emails.

Borrower SSN	Borrower Name	Benefit borrower qualifies for to meet Service Member category	Eligibility start date	Eligibility end date

12.5.1 Validation - No pre-implementation validation is needed, FSA will review the report once implemented to ensure the required data is provided.

13. Servicing Requirements Submission

The servicer shall submit a complete list of servicing requirements as they exist at the time of submission to the Government every two years. This shall include all requirements, including those unique to the servicer (including but not limited to: PSLF, TEACH, TPD, Image Repository). No proprietary information shall be contained in the requirements. The first requirements submission shall be submitted by November 1, 2014.

Servicer Allocation Metrics

The allocation of ongoing volume will be determined twice each year based on the performance of each servicer in relation to the other servicers awarded. Quarterly results will be compiled for each servicer based on the performance measures listed below. During July (using March and June quarter end results) and January (using September and December quarter end results) of each year an average of the quarterly performance results will be used to determine the ranking of each servicer in each of the five high-level metric categories. By combining each servicer's ranking in all categories, each servicer may be given a percentage of the designated new borrower pool available to be distributed for the upcoming two quarters. Note: A servicer may be given 0% (zero percent) of the designated new borrower pool, at the Government's sole discretion.

Servicers will be informed of their allocation percentage of new volume by August 15, for the allocation effective September 1 to February month end, and February 15, for the allocation effective March 1 to August 31, of each year.

The allocation of ongoing volume will be determined based on the following factors:

For metrics 1, 2, and 3 borrowers in school, in grace, in deferment, in forbearance, in Service Member, and over 360 days delinquent are excluded from both the numerator and denominator in the calculations. Calculations will be rounded to the hundredth of a percent. Borrowers with loans in multiple statuses shall be counted once, in the lowest performing deliverable status. The lowest performing deliverable status is defined as the lowest unit priced deliverable. Note: Metrics will NOT be calculated separately by school type in any metric.

Allocation Metrics

- 1 – Percentage of Borrowers in Current Repayment Status – 30% of the overall performance metric** – This calculation is measured by dividing the number of borrowers in current repayment status who are not delinquent at the end of the quarter by the number of all borrowers in both current and delinquent repayment status at the end of the quarter.
- 2 – Percentage of Borrowers more than 90 but less than 271 days delinquent – 15% of the overall performance metric** – This calculation is measured by dividing the number of borrowers who are greater than 90 days delinquent and less than 271 days delinquent at the end of the quarter by the number of borrowers in both current and delinquent repayment status at the end of the quarter.
- 3 – Percentage of Defaulted borrowers (over 270 days and less than 361 days delinquent) – 15% of the overall performance metric** – This calculation is measured by dividing the number of borrowers who are greater than 270 days delinquent and less than 361 days delinquent at the end of the quarter by the number of borrowers in both current and delinquent repayment status at the end of the quarter.

- 4 – Borrower Survey results – 35% of the overall performance metric** – Surveys will be conducted quarterly of borrowers in each category (In School, In Grace, and In Repayment). The survey will measure borrower satisfaction with the servicer and results will be based on a scale of 0 – 100, with 100 representing a perfect score. FSA or an agent of FSA will conduct surveys. All quarterly scores in each category (In School, In Grace, and In Repayment) will be averaged together to provide the quarterly borrower survey result.
- 5 – FSA Employee Survey results – 5% of the overall performance metric** – Surveys will be conducted quarterly of FSA employees. The survey will measure satisfaction with the servicer and results will be based on a scale of 0 – 100, with 100 representing a perfect score. FSA, or an agent of FSA, will conduct surveys.

Performance Periods

Quarterly scores will be compiled for each servicer, quarters are defined as Q1 = Oct 1 to Dec 31; Q2 = Jan 1 to Mar 31; Q3 = Apr 1 to Jun 30, and Q4 = Jul 1 to Sep 30 of each year.

All available quarterly scores in each metric will be averaged together during July and January of each year to calculate the final result for each metric.

Allocation Metric Score Comparison Among Servicers

The above calculation will result in a set of 5 scores for each servicer, one score in each metric category (1-Percentage of borrowers in current repayment, 2-Percentage of Borrowers more than 90 but less than 271 days delinquent, 3-Percentage of Defaulted borrowers, 4-Borrower Survey, and 5-FSA Employee Survey).

FSA will compare all servicers' scores (per servicer pool - TIVAS and NFPs) in each allocation metric category and provide a ranking for each servicer in that category, with the best score in each category receiving the highest possible value and the worst score receiving the lowest possible value (highest / lowest values will be determined by the number of servicers included in the allocation pool --- Highest score possible will be the total number of servicers selected, lowest score will be 1).

Once a ranking value has been assigned to each servicer in each allocation category, each score will be adjusted based on the 'weight' the metric will hold. All scores for a servicer will then be added together to provide the "Total Score" for that servicer for the 6-month period. Each servicer will have one Total Score for each 6-month period.

Allocation of New Volume of Federally Held Debt

Each servicer may be assigned an allocation of new volume by dividing that servicer's total score by the combined total scores of all servicers. The resulting percentage will determine each servicer's percentage of new volume of Federally Held Debt.

The servicer's percentage of new volume will determine the percentage of new borrowers that may be sent to the servicer for servicing (loans for existing borrowers may, to the maximum extent practicable, be sent to the servicer already holding that borrower's other loans).

Record Retention

Each servicer shall maintain a listing of all borrowers within their federal portfolio identifying which borrowers exist in each status at the time of invoicing and/or metric submissions to FSA. This information shall be provided to FSA on demand and shall be maintained throughout the performance period and provided to FSA at the end of the contract period. (See Attachment A-7, Borrower Status Reporting)

NOTE: If a servicer is out of compliance (for example, but not limited to, financial management or reporting, security, OMB Circular A-123, Legislative Mandates, Program Compliance, etc.), that servicer's new volume may be re-allocated to one or more other servicers. In addition, that servicer's current account volume may be transferred to another servicer, at the non-compliant servicer's expense.

<p>3) Borrower has some loans eligible for 0% rate but other loans that are not eligible.</p> <p>Borrower is included in the service member category. (Normally borrowers are billed in the lowest category but if ANY loan is eligible for the service member category, the borrower is included in this category).</p>	

Retention of Borrower listings

Each servicer shall maintain a listing of all borrowers within their federal portfolio identifying which borrowers exist in each status at the time of invoicing and/or metric submissions to FSA. This information shall be provided to FSA on demand and shall be maintained throughout the performance period and provided to FSA at the end of the contract period. (See Attachment A-7, Borrower Status Reporting)

Validation to be provided with Invoices & Metrics submission

Each servicer shall provide sampling validation with the submission of each invoice and/or metrics submission to FSA.

Sampling Instructions:

Servicer shall randomly select 5 borrowers from each status category each month. If there are less than 5 borrowers in a category, select all borrowers in the category.

1. Servicer shall provide screen shots of the servicing system and narrative to support showing the status of the borrower's loan matches the status the loan is being invoiced at. Samples should be provided in Word or PDF format.
2. Servicer shall include a listing of all loans on file for the borrower and the current status of each loan – but only needs to include screen shots narrative for one of the loans that the loan is being billed at.
3. Servicer shall provide the samples at the time of invoicing and/or metric submissions to FSA.
4. Servicer shall submit the sample files to EDServiceP@ed.gov and other email addresses as updated periodically by FSA. All files should be submitted within encrypted zip files with password provided in separate emails.
5. Servicer shall provide a contact (name/email/phone) that FSA may contact if additional samples are needed (FSA may also select borrowers that require sample documentation similar to above).

NOTES:

1. Common pricing shall apply regardless of program (i.e. Direct Loan, Federal Family Education Loan) or volume serviced, unless otherwise noted in the contract.
2. Borrowers in multiple statuses shall be billed once, in the lowest performing deliverable status. The lowest performing deliverable status is defined as the lowest unit priced deliverable.
3. Borrowers pending discharge, which include, but are not limited to: conditional disability, death, or bankruptcy, shall be, for billing purposes, counted in the deliverable status at the time of the discharge request.
4. "The last day of the billing period" is defined as the last day of the month.
5. The **revised** annual pricing period shall begin on the effective date of modification 0072.

Servicer shall create 1 text file for each borrower status pricing category (format above).

Servicer shall create and store reports each month (not created on demand from query).

Servicer shall create report to be a "point in time" report showing the borrower status at the end of the month.

Servicer shall include each borrower in only ONE report per month - matching the status the borrower was billed at.

Servicer shall store reports in text format (to allow for uploading by FSA into other software if desired).

Servicer shall provide the reports to FSA on demand.

Servicer shall ensure the volume of borrowers in each category MUST match servicer invoicing (if corrections to invoicing made, report should also be corrected).

Servicer shall retain all reports for the duration of the contracts and provide to FSA at end of contract.

Servicer shall provide FSA with a contact (name/email/phone) that can be contacted to request report delivery.

Servicer shall create report with a sort by SSN (ascending).
